MEMBERSHIP

All dancers must be a member of the UK Street Dance Challenge - you can become a member free of charge by visiting our website www.ukstreetdancechallenge.co.uk

Dance teachers must create a dance teacher account via our website www.ukstreetdancechallenge.co.uk

Your dance school will then be added to our database, dancers are then able to add themselves as a member of your dance school. Dance teachers can register for events, order wristbands and much more from their dance teacher profile.

GENERAL INFORMATION

All dancers, spectators and dance teachers must have their wristbands on before entering the sports hall.

Forgotten wristbands will be charged at full price, a refund will be given once these have been returned to our office.

Competitors numbers can be collected from our event registration desk, this can be found near the main entrance. Any questions on the day of the event should be directed to the event staff.

Dancers are permitted to dance in one team, one solo and with one duo partner per event. It is the responsibility of the parent, dancer or dance teacher to ensure that dancers are registered for an

event and are registered in the correct category before registration closes.

Usually the registration closes 7 days before a regional 1-day event & 14 days before a weekend competition. Any registrations/changes on the day or after registration will incur a £5 per dancer, per section penalty.

If a dancer is not in the hall at the time of their recall then we will continue the rounds and they will miss their opportunity to dance.

Seating is for spectators only, dancers should wait in the designated area as set by event staff.

CONDUCT

Only teachers or school officials should approach the event staff with questions during the competition. Event staff can be identified by their uniform.

Dancers must not perform any power moves, tricks or acrobatics during solo or duo heats. These moves can only be used when dancers make the finals, as long as there is sufficient space to perform the moves safely.

We advise our judges not to recall any dancers who do not follow these rules. Costumes and dance moves performed should be appropriate for all age groups and should not include any inappropriate, sexual or explicit movements. Dancers should not touch any member of the public or the judges during their performance.

Props are permitted; however, you must be able to clear them immediately after your performance therefore glitter, water etc. must not be used.

Bags and other items should not obstruct walkways or cause any hazards which could cause injury to others. You must not approach our team of judges, MC or DJ during the event while they are working. Any questions should be directed towards our event staff.

UK Street Dance Challenge is an organisation that focuses on creating a positive environment for everyone while providing a fun and friendly event. We encourage all dancers and spectators to support all competitors and maintain a good level of sportsmanship between one and other.

TICKET INFORMATION

For our regional events of 2024, wristbands are priced at £18 per person for both dancers and spectators.

We offer complimentary wristbands to dance teachers. These are offered on a basis of 1 teacher wristband per ten dancers participating.

We have a strict no refund policy on wristbands. An order can be amended up to 14 days before an event.

After this mark all wristbands ordered must be paid for.

If for reasons beyond our control we need to change the venue and/ or date of an event, then your ticket will still be valid and no refund will be issued.

Tickets are allocated on a first come first served basis so please reserve your tickets as soon as possible to avoid disappointment.

AGE CATEGORIES AND ABILITIES

The following levels and age categories are offered at our events.

LEVEL:	AGE CATEGORIES						
BEGINNER	6 & under	8 & under	10 & under	12 & under	14 & under	16 & under	17 & over
INTERMEDIATE		8 & under	10 & under	12 & under	14 & under	16 & under	17 & over
ADVANCED		8 & under	10 & under	12 & under	14 & under	16 & under	17 & over

Some categories may be amalgamated at certain events at the discretion of the UK Street Dance Challenge.

MUSIC

Music will be provided by the DJ for solos & duos. There will be a set BPM for each category, this will depend on which level you are dancing in:

BEGINNER	110BPM - 130BPM
INTERMEDIATE	100BPM - 130BPM
ADVANCED	90BPM - 130BPM

PROCEDURE

The MC will call dancers to the holding area by age & their ability. Depending on the number of dancers in each category they may be split into heats by the event staff.

Dancers will dance together on the dance floor at the same time and the judges will select the numbers which they wish to progress to the following round. The judges will move around the floor if necessary, if they are unable to see a dancer.

Dancers should wear their numbers on the front of their outfit and ensure they are secured and fully visible at all times. Safety pins will be made available by event staff.

The MC will announce recalls by the age division and category and the successful dancers will dance again. These recalls will continue until we are down to the final 5*, who will then dance again and be placed by our judges.

Please ensure you do not miss your category. If you do miss your category, then you will be unable to dance. Event staff will check the correct category and if you are in the incorrect category you will not be allowed to dance.

The final 5 solos & duos in the advanced section will perform a dance off, each will receive the same amount of time, which is 6 counts of 8.

* Our computer algorithm may bring back more than 5 for a final on occasion.

GENERAL RULES

Dance teachers & professional dancers must dance in the advanced category. Assistant dance teachers / choreographers must dance at a minimum level of intermediate.

Each dancer can only compete in one solo & one duo. If you enter more than once then you will be disqualified.

For duos, you must dance in the category age & ability of the oldest dancer, for example, if one dancer is 13 and they dance in beginners' section and the second dancer is 15

and they dance in advanced section, then the duo must dance in 16 & Under Advanced.

Dancers must stay in their allocated space on the dance floor.

It is the responsibility of the parent, dancer and dance teacher to ensure that dancers are registered for an event and are registered in the correct category before registration closes. Any registrations/changes on the day or after registration closes will incur and £5 per dancer per section penalty.

CATEGORIES BY ABILITY

The rules below are based on dancers competing with the UK Street Dance Challenge, working your way through the ability levels.

If dancers have competed before or have previous experience it is at the dancers' discretion which section to compete in.

You are unable to move back to a lower ability after first competing at a higher level, for example if you enter 12 & Under Advanced the only way to move back down to Intermediate would be once you move up an age level - our system will track the incorrect category.

Once you have competed in Intermediate or Advanced, you are not permitted to dance in Beginner regardless of moving age category.
